3. Date of Birth:
4. Gender:
5. Course and year:
6. Specialization:
7. College Name and complete address:

Passport Size
Photo

Digital version or
photo pasted

8. Permanent address (Email & Mobile No.):

9. Name of the University:

10. Faculty In-charge:

- Name:
- Email:

Mobile No.:

11. Admission request: Training Research Project Both

12. Duration: From _____ To _____

13. Preferred Joining Date:

14. Norms:

1. Day-to-day execution of the project work by the students is primarily under the scientific/technical guidance of NRAF as a facilitator, the responsibility for completion of the student project within the period of the institution/college rests with the student and his institution.
2. The students should record all the details of project work in a well-maintained Lab Record with regular scrutiny by the guide and submit the same at NRAF.
3. During the project period, students are required to be at NRAF premises on all Monday to Saturday from 9.30 am to 6.00 pm. The institution must provide prior

information to NRAF if the student needs to attend his/her college for any programmes/functions/allied curricular/co-curricular activities falling within the project period allotted by NRAF to the student. (This pre-empts unauthorized absence of the student from either place.) Students can avail leave of absence, however, under genuine circumstances with prior permission from the guide. The related intimation should be sent by the student to the concerned authority at the College/University.

4. The students Within NRAF premises and during work hours, the students should carry the college identity card at all times.
5. If any loss or damage is done by the students to the NRAF property, the student/college should undertake to shoulder the entire responsibility of paying for the costs of damage, as decided by NRAF from case to case.
6. The acknowledgments recorded in the project thesis/dissertation report should contain the work carried out by the student under the co-guidance of NRAF Scientist. The College certificates in the project report prescribed by College/University should categorically reflect that the project work was carried out at NRAF and prominently acknowledge the name of the NRAF Scientists who has guided.
7. NRAF retains all Intellectual Property Rights in patents, designs, software, copyright and publications, if any, that may be generated during the course of project work. However, depending upon the quantum and quality of contributions to the outcome from the project work, the student/his internal guide at college may be given due credit in publications etc. In the event of any dispute rising, the decision of Managing Trustee/Research Head/GM, NRAF is final and is binding on the student(s) and College/University.
8. Any unauthorized presentation/publication of the results of the project (during and after), with/without external guide's name as co-author, independently by the student/internal guide of college, without any explicit permission/approval from Managing Trustee/Research Head, NRAF will not be acceptable under any circumstances and face future consequences.
9. For getting the Project Completion Certificate, the students should surrender original lab record issued by NRAF to NRAF Scientist/Research Head.
10. All consumables/chemicals used for the research project will be charged.

UNDERTAKING

I have read the above said norms (Sl.No.1 to 10) and I agree to abide by them during my project work at NRAF and adhere to the conduct and discipline mandate of the foundation.

Date:
student

Signature of the
